TeacherTopia
.info

Are you mentoring a new teacher this summer or next year? Don’t forget to tell them about TeacherTopia. <http://www.teachertopia.info>

TeacherTopia was designed to provide resources, lesson plans and more for K-12 teachers because we remember those first days of teaching when we searched for subject-related quality information for our classes. (Yes, I know it’s hard to believe, but we started teaching before computers and the Internet existed.)

Another helpful hint for new teachers is an easy way to do a Google search on Infotopia or the Internet for a PowerPoint, a PDF, or an image (jpg or gif). Just type the topic, biomes in this case, followed by these terms in any Google search box.
