Kidtopia

Online Children's Stories

Check out our eight recommended websites for online children's stories for Pre-School through 3rd grade. Most of the websites have audio as well as video included.

http://www.kidtopia.info/stories.html

Our favorite storybook website is StorylineOnline. Here, you can find famous actors reading books online with audio and video.

http://www.storylineonline.net/

Another amazing website, with stories in English and Spanish is Clifford Interactive Storybooks from Scholastic.

http://teacher.scholastic.com/clifford1/

READY TO READ The Indianapolis Public Library links to dozens of wonderful audio stories plus many stories that are also available for iPads and tablets.

http://www.indypl.org/readytoread/?p=6150

Another fun website that you might use with your students is StoryStarters from Scholastic. You spin the wheel and it gives you prompts for an adventure, fantasy, or a science-fiction story. Depending on the age of your students, you might use this resource as a class project.

Lit2Go

https://etc.usf.edu/lit2go/

For middle and high school students, Lit2Go is a fantastic free site for stories and poems read by real people (not computer voices) in MP3 (audio book) format.

Discover an assortment of FREE MP3 audio books that you and your students can listen to. Sorted by genre, readability, author, title, and collections, you can find dozens of books and poems in this free collection. From The Adventures of Huckleberry Finn, The Wizard of Oz, and Grimm's Fairy Tales, to poems by Edgar Allan Poe and more, this is an amazing free collection.

You can either read the text and listen to the audio books online or download them to iTunes and you can listen to them immediately. Each reading passage can also be downloaded as a PDF. What an excellent way to get students interested in reading with their ears!

infotopia

Find videos, PowerPoint presentations, and more, to help your students learn Chemistry on our Chemistry Resource Page.
http://www.infotopia.info/chemistry.html

Are your students studying the Periodic Table of Elements? Check out our recommended resources to discover how and when each element was discovered, the atomic number and mass, the melting and boiling point and much more!
