We have had a lot of requests for resources on **coding for all ages**. Our staff has been working on this new resource and it is now available. All of the resources have at least one section that is free. Our recommendations include introductions to coding in HTML and CSS, making web pages, creating apps and games, and more!

If you have a favorite coding website, let us know and we will add it to our resources!

April is Poetry Month

<https://www.infotopia.info/poetry.html>

Some of our favorite poetry websites include the following:

<https://poets.org/poems>

It includes a poem a day and can be browsed by poet or poem.

<http://www.bbc.co.uk/arts/poetry/outloud/>

Poets perform their own work. It is no longer being updated, but still has great content.

<https://www.pbs.org/wgbh/poetryeverywhere/>

Poetry Everywhere from PBS includes a short biography of the poet.

<https://www.poetryfoundation.org/>

The Poetry Foundation can be searched by the title of poem or by poet. Some poems are read out loud by the poets as well.
