INFOTREK

<https://www.infotrek.info/>

Have you tried **Infotrek**? It's a search engine that is designed for upper advanced **high school or college students**. Just click on a main subject (science, biographies, art, literature, social science, quotations, medicine/health, and images/audio) and it will give you an extensive list of topics to choose from. **Then copy and paste that topic into the search box.** It's perfect if students need ideas for research in certain advanced subjects. **Try it out!**

Overdrive.com

Have you linked your library account from your public libraries with **Libby** yet? You can download books, audiobooks, magazines and more for free. The audiobooks will also play on Carplay in your car.
