TeacherTopia.info has been updated and is ready for new and experienced teachers to find information, lesson plans, ideas, and more! TeacherTopia has resources for **Science, Social Studies, Language Arts, Math, the Arts, Health and P.E., Technology and Languages** for all grade levels. For each topic, you'll find a breakdown of subject areas, lesson plans, handouts, projects, activities, and more.

One of the best resources on TeacherTopia is the video search page. Just type in a keyword or subject and find streaming videos on that topic. Another alternative is to browse the 18 different links to educational videos. Our favorites are **Khan Academy, Annenberg Learner, WatchKnowLearn**, and **Edutopia**! Try them out.

Share **TeacherTopia.info** with your colleagues!

Welcome!

Welcome to the students and teachers from **Kalamazoo, Michigan**! We are happy you are using Infotopia.info, VirtualLRC.com, Infotrek.info, and Kidtopia.info for your research needs!

Check out our American Sign Language resources if you haven't done so. There are free resources on each website, but they may want you to sign up for additional resources.

Based on a recommendation from an ASL teacher, we added Baby Sign Language websites to our resources. A lot of mothers and fathers are teaching their babies signs to use before they can talk. Try it out!

Let's go on an Infotrek.....

Upper High School and College Students, have you ever tried to use Infotrek.info? It seems very simple, but it is a powerful search engine.

Let's try it out. Decide on a general topic. I'll pick Science and Technology.

Let's choose a subtopic from the icons. I'll choose Life Science (the frog.)

Then scroll through the list of topics shown and click on the one that interests you. I clicked on DNA and then clicked on the magnifying glass to complete the search. You will get an amazing assortment of upper level resources

Deoxyribonucleic Acid (DNA)
Genome.gov > genetics-glossary > Deoxyribonucleic-Acid
DNA is the chemical name for the molecule that carries genetic information. The DNA molecule consists of two strands that are twisted together in a double helix.

Kidtopia

<https://www.kidtopia.info/animals.html>

One of our most exciting resources is the Animals web page for Kidtopia. From Amphibians to Fish, Mollusks, Animal Classification, Animal Habitats, and more, elementary students can easily research animals of their choice on these pages. Don't forget to have your students try a keyword search too on Kidtopia.
